*Provides a True Blue Color
Beneficial Bacteria Cleans & Clears Water*

SAFE FOR

Recreational Ponds,
Horses, Livestock, Birds,
Pets, Fish, Wildlife and
the Environment.

Treats 1 Acre Pond, 4'–6' Deep

INGREDIENTS: Acid Blue 9 Dye • Natural Bacteria

Net Contents: 1 Gallon • 3.78 L

Why is Nature's Blue™ PLUS important for my pond?

Water clarity problems are caused by rotting vegetation, leaves, twigs and fish waste that are suspended in the water column or accumulated on the bottom of your pond. Nature's Blue PLUS is a blend of Nature's Blue pond dye and PondClear beneficial bacteria and is designed to work throughout the water column to consume suspended particulates and convert into an odorless gas promoting a clean and balanced ecosystem. In just a few weeks after your first application, you will begin to see a noticeable difference in water clarity. Nature's Blue PLUS will shade your pond a beautiful true blue color.

Nb⁺ Nature's Blue PLUS Pond Dye + Bacteria

HOW TO APPLY: Shake well before use. Apply directly out of the container. Nature's Blue PLUS works best when poured in several spots along the shoreline.

WHEN TO APPLY: Apply as needed. To experience benefits of bacteria, apply when water temperatures are above 50°F. Wait 3 days after an algacide and/or herbicide treatment to apply Nature's Blue PLUS. Heavy rain and/or intense sunlight may require additional treatments of pond dye.

QUICK DOSE CHART

Use 1–2 gallons per surface acre, 4–6 ft. deep, every 4–8 weeks or as needed.

POND DYE *with* BENEFICIAL BACTERIA!

WATER USE RESTRICTIONS:

Nature's Blue PLUS may be applied to lakes and ponds used for irrigation and aquaculture. Water treated with Nature's Blue PLUS may be used for recreation, fishing and other activities immediately after treatment. Safe for recreational ponds, horses, livestock, birds, pets, fish, wildlife and the environment. *Do not apply to water that will be used for human consumption.*

STORAGE AND HANDLING:

Keep product in original container and closed when not in use. Store in a cool, dry place. Do not allow to freeze. Wear rubber gloves when handling. Avoid contact with skin, eyes and clothing. Wash with soap and water after use. If ingested in large amounts, induce vomiting. For small cleanups and surface stains, use a diluted bleach solution. Nature's Blue PLUS has a 2-Year shelf life.

ATTENTION:

Failure to use as directed, or sudden changes in water conditions not consistent with label, may result in the loss or injury of aquatic life. Airmax, Inc. is not responsible for any loss of aquatic life. This product is non-genetically altered and non-pathogenic. The microorganisms used to develop this product can be found naturally in soil and water.
